ABOUT COMPANY

Liam company is an international company in the field of trade consultancy. With over 20 years of experience in import and export, this organization has effectively mitigated the risks associated with business processes for contracting parties. presents a precise transparent based solution while fulfilling its obligations to the honorable importers and merchants.

ABOUT CEO

Mahmoud Zarei have 18 years of work experience in the field of export and import and goods clearance. He founded his company, Liam, which now boasts offices in Dubai and has effectively mitigated the risks associated with business processes for contracting parties.

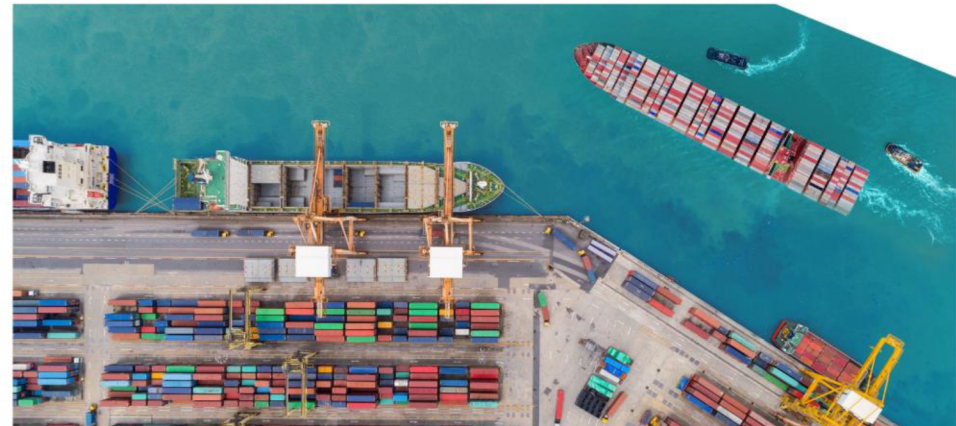

1- Customs clearance of goods exported from Iran in Dubai:

Liam Company offers services to Iranian exporters shipping goods to Dubai. Custom clearance of export items from Iran to Dubai and their delivery to the desired trade location is Liam's expertise.

2- Specialized customs clearance in Dubai:

Liam Company offers services to Iranian exporters shipping goods to Dubai. Custom clearance of export items from Iran to Dubai and their delivery to the desired trade location is Liam's expertise.

3- Sourcing:

Liam Company specializes in sourcing the desired products from manufacturers and importers. They can find suitable purchases for your export items produced in Iran and facilitate their sale abroad.

4- Transfer of purchase order funds:

Liam Company offers fund transfers for purchasing goods and determining competitive currency exchange rates in the shortest time possible for various countries like China, Japan, and European countries. They also provide the possibility of purchasing documentary credits from banks.

5- Transportation:

- Sea freight:
 - Shipping Iranian export goods from Iran to Dubai.
 - Shipping goods to Iran via container ships.
- Air freight:
 - Air freight of goods from China to Dubai, China to Iran, and Dubai to Iran.
 - Same-day air delivery from

Liam Company can receive your desired goods in Dubai and deliver them to you

6- Cross Stuffing:

In international trade, cross-stuffing refers to moving goods from one container to another. Liam Company offers this service in two ways:

- Cross-stuffing of Iranian export goods:

Due to sanctions against Iran, many Iranian export items should not have any trace of Iranian origin and certificates. Therefore, cross-stuffing is performed in Dubai to change the certificate of origin.

- Cross-stuffing of imported goods to Iran:

Due to sanctions against Iran, many Iranian export items should not have any trace of Iranian origin and certificates. Therefore, cross-stuffing is performed in Dubai to change the certificate of origin. Goods to Iran is not possible. Liam Company takes these goods to Dubai, performs cross-stuffing, and sends them to Iran in a new container.

7- Goods Inspection:

During the process of purchasing goods, there is a concern that the received items may not match the ordered products in terms of quantity and quality. Liam Company takes on the responsibility of verifying the accuracy of the purchased goods, ensuring buyers in other countries that the received goods conform to the ordered items in all aspects.
